R. GEOHEGAN'S EXTRACT OF HYDROPIPER, DYSPEPSIA, SCROFULA, AND ALL IMPURITIES OF THE

Prepared by one of the Faculty.

THIS vegetable remedy which is now spreading to all parts of the country, is prepared by a graduate of one of the first Medical Schools in the West, a physician of high standing in his profession and as much opposed to empiricism or quackery as any one can be, as is shown by the fact that the recipe is published, and accompanies each bottle of the medicine, thus exonerating it from the charge of being a nostrum?
IT IS PRESCRIBED BY PHYSICIANS,

as will be seen by reference to the Circular and by the accompanying cerificates.

Unlike Sarsaparilla, the Hyropiper is quick in its action, the first bottle often producing wonderful results, as in the case of the negro girl of Mrs. Simmon's, of Louisville, who was relieved of

ples and blothes, in producing a clear and beautiful skin it is a much more safe and sure remedy than allithe cos-metics and lotions in existence. Try it, and you will

at first to increase the disease—the general effect of the medicine being to drive all impurities to the surface, and by that means out of the system. HARDENSBURG, KY., Oct. 6, 1851.

Dr. A. E. Geohegan—Dear Sir: I have examined your receipe for Compound Fluid Extract of Hydropiper, for the cure of Scrofula in all its forms, and other chronic affections, viz: Khenmatism, Female Weakness, &c .-Having prescribed, and watched its effects in many cases

never regret it. Do not lose confidence if it should seem
